## **Five Card Poker**

Players are dealt two pocket cards to be used with a 3-card community board to form a 5-card poker hand, winning odds according to a payable.

## **Primary Game**

The Ante is required to receive two pocket cards. Then the player will make a Raise wager up to three times the amount of the Ante or fold before each community card is revealed. The final five card hand is compared to the pay table.

## **Lo Ball**

An optional wager that wins odds when the final 5-card hand contains only a jack-high or lower.

## **Board Bonus**

This optional bonus wager wins odds if the community board consists of a pair or better.

## **Pocket Bonus**

An optional wager that allows players to start by instantly winning with any pair or an Ace + Face.
